MEMORANDUM

FOR THE MEMBERS OF THE RESTORATION ADVISORY BOARD (RAB) FOR THE INSTALLATION RESTORATION PROGRAM AT NAVAL WEAPONS INDUSTRIAL RESERVE PLANT (NWIRP) CALVERTON, NEW YORK

Enclosed is the Navy's Final Letter Workplan for Supplemental Sampling at Sites 6a - Fuel Calibration Area and the Southern Area, located at the Naval Weapons Industrial Reserve Plant (NWIRP) Calverton, New York.

A draft version of this report was issued to members of Calverton's regulatory community during a Technical Subcommittee Meeting held on February 16, 2000, at the Region I offices of the NYSDEC in Stony Brook, NY. Since no comments have been received regarding the draft report, the Navy is considering the report to be final.

Implementation of this Letter Workplan is anticipated during the late May/early June timeframe.

If you have any questions or would like to discuss the enclosed document further, please give me a call me at (610) 595-0567, ext. 163.

Sincerely,

A handwritten signature in cursive script, reading "James L. Colter", is written over a horizontal line.

JAMES L. COLTER
Remedial Project Manager
By direction of the
Commanding Officer
